## SUPERFOODS

A selection of **premium superfood extracts** designed to support your body's blood vessel cleansing process at an accelerated rate.

## HOW IS THIS POSSIBLE

**Natto Extract (nattokinase)**, found in Systemic Support, can dissolve blood clots by breaking down fibrin, a protein involved in clot formation, as stated in the Sage Journals<sup>1</sup>. This helps improve blood consistency, blood circulation and prevent clots that could lead to conditions like stroke or deep vein thrombosis. The Natto bean extract has benefits for cardiovascular health by improving blood circulation and reducing the risk of heart-related issues.

**Megadrile Earthworm Protein Extract (lumbrokinase)**, found in Systemic Support, has anti-inflammatory effects that help maintain the health of blood vessel walls, preventing conditions like atherosclerosis (hardening of the arteries), according to the Chinese Medical Journal<sup>2</sup>. By reducing inflammation, it helps keep blood vessels flexible and functional, ensuring proper blood flow. This extract also reduces blood thickness, enhancing circulation and reducing the strain on the heart. This can lower the risk of hypertension and cardiovascular disease.

**Cordyceps**, found in Reishi Plus, as shown by The Journal of Pharmacological Sciences<sup>3</sup>, has the ability to improve our energy levels, by increasing the amount of oxygen uptake in the body. It helps dilate the lungs airways, providing more oxygen to our blood. Our entire vascular system is benefited by Cordyceps ability to regulate blood pressure, strengthening the muscles of the heart and improving circulation.

**Chia Seed Oil** found in Vegan Omegas 3-6-9, leads to a higher count of HDL or “good” cholesterol, which in turn decreases the amount of LDL or “bad” cholesterol. According to the Harvard School of Public Health<sup>4</sup>, this leads to the reducing of buildup of plaque inside blood vessels lowers the risk of developing coronary heart disease, high blood pressure and stroke.

**Ginkgo** found in Eyebright, increases blood flow to the retina, and may slow retinal deterioration resulting in an increase of visual acuity. According to The Acta Ophthalmologica Journal<sup>5</sup>, Ginkgo acts as a powerful antioxidant and may protect the eyes from free radical damage.
